

We have had a great first week in K2! We spent most of the week building a community by learning each other's names, setting some classroom rules and sharing our Hopes & Dreams. All of the scholars are creating new friendships! Be sure to check out our Hopes and Dreams for the school year which will be on display in the back of the classroom 😊

It has been wonderful getting to know all of the scholars and their families. Thank you to all the families who donated a wonderful assortment of supplies for our classroom. We will definitely make good use of them as the year progresses.

If you have any questions, always feel free to contact us.

Warmly,

Ms. Lindsay Daigneault-
